INCOME TAX.

RETURN to an Order of the Honourable The House of Commons,
dated 21 March 1857;—for,

RETURN “of an EXTRACT from a LETTER addressed to the Board of Inland Revenue by the Surveyor of Taxes at *Stoke-upon-Trent*, dated the 16th day of March 1857, relative to the Return required, under the Income Tax Act, from the Cashier of Messrs. *Minton*, of *Stoke-upon-Trent*, of the Persons in their Employment in Receipt of £.80 a Year and upwards; together with the FORM of the RETURN No. 8, provided by the Board of Inland Revenue in pursuance of the Income Tax Act.”

“THE substance of the complaint made by Mr. Child is, 1st. That Messrs. *Minton* were called upon for a return of all persons in their employ who had 80 *l.* a year and upwards; and 2dly. That all who had that amount were assessed, and lost two or three days in appealing.

“With regard to the first part of the statement, it is true that in calling for a return for the year 1855, I told their cashier that it would not be necessary, as a general rule, to include the names of persons receiving less than 80 *l.*, except where to his knowledge they had other sources of income likely to render them liable to income tax. I specified the sum of 80 *l.* as a limit, in order to save them trouble, but I have no doubt in my mind that I also stated that where a person receiving less than 100 *l.* had not any other income besides wages, no charge should be made upon him. The return was furnished on the principle laid down, and contained the names of several persons receiving less than 80 *l.*, but who had, or were supposed to have, from all sources, an income of 100 *l.* respectively.

“In reply to the second part of the statement, that all ‘who had 80 *l.* a year and upwards were assessed, and lost two or three days in appealing,’ I beg to furnish an analysis of the return and of the assessment, which will explain the case.

“There were in all 29 persons returned as having incomes under 100 *l.* from wages only; of these

- 4 persons were exempted at once, no charge having been made.
- 2 ,, were exempted after having been charged on filling up claims, and without having been put to the trouble of an appeal.
- 10 ,, made no appeal against the charges, and paid the duty in due course.
- 5 ,, appealed, and the charges were confirmed in every instance, the parties having other sources of income, making together, with wages, more than 100 *l.*
- 8 appealed and obtained exemption.

29

“It will not be necessary for me to make any remark, except as to the eight cases last mentioned. It was thought that all of these persons had other sources of income besides their wages, which would bring them under the operation of the tax, and it proved on the appeal that six out of the eight were possessed of such additional income; the other two were found to have no resources but their wages.

“I find some difficulty in reporting with certainty as to the alleged loss of two or three days; but I have no hesitation in saying that the statement is greatly exaggerated. My minutes show only one case of adjournment, where the party brought no account of a separate business in which he was engaged. When

more persons attend than the Commissioners can hear in the day, the names of those who are sent back would not appear in my minutes. There were not many adjournments in the year 1855, as I took a good deal of pains to prevent it; and I think it would be shown if closely investigated (which can still be done if the Board desire it), that very few of the appellants lost even a portion of the second day. As the adjourned cases are heard first, the loss would be of a portion of the day only.

"It now remains for me to report on the statement made by Mr. Child, that the cashier demurred to furnish the return, and that the Commissioners intimated their intention to enforce it, and that Messrs. Minton, on its being required a second time, refused to make it, after which the application was not renewed.

"I must at once state to the Board that all this takes me by surprise. The only foundation for it is, that Mr. Hollins, one of the partners, called at my office some months back with reference to the return for the year 1856, and inquired if there was a legal power to demand it. I pointed out to him the clause in the Act of 5th & 6th Vict.; at the same time stating that he was not required by law to specify the amount of wages. He has since then furnished the account on the Form No. 8, which contains no mention of persons receiving less than 100 *l.*; and I have not made any further application, as I know that all the persons liable to duty are assessed. Of any threat of enforcement or refusal to make the return, I am wholly ignorant. When Mr. Hollins called upon me the question of incomes over or under 100 *l.* was not touched upon; and I should state that the Form No. 8 was sent in an unaltered state, without any mention about incomes of 80 *l.*

Surveyor."

* The stock held by the Commissioners has always been valued in these Accounts at the Prices on 20th November in each year. If those Prices be higher at one period than another, in the same degree will the value of the securities appear to be greater or less, and so of the Balance deficient. The prices of Stock on 20th November 1854 and 20th November 1855 were as follows:

	1854.	1855.
Consolidated 3 per Cents. - - - - -	91 $\frac{1}{2}$	88 $\frac{1}{2}$
Reduced 3 per Cents. - - - - -	90 $\frac{1}{2}$	87 $\frac{1}{2}$

New 3 per Cents., Ireland - - - - -	89 $\frac{1}{2}$	88 $\frac{1}{2}$

Upon this principle the Balance deficient on 20th November 1855 is made to appear much larger than on 20th November 1854, the securities being necessarily valued at the rate of 1855, which is considerably less than in 1854.

On Account of the Fund for the Banks for Savings in *Ireland*.

The surplus monies paid in to the Bank of Ireland by savings banks in Ireland not required in Ireland for payment to savings banks are from time to time remitted to the Commissioners' account at the Bank of England, "Savings Banks in Great Britain," and form part of the general balance at that account, from which all Stock or Exchequer Bills are purchased.

(No. 6.)

General Note.—The number of hours given in the last column does not, in numerous instances, as appears by the returns received at the National Debt Office, show to anything like the full extent the time occupied in transacting the whole business of the Banks; the attention of the officers and clerks being much occupied with correspondence, attendance on Trustees and Managers at their meetings, half-yearly balances of accounts, preparation of returns to the Commissioners, and to Parliament, and various incidental matters in addition to the ordinary business arising from receipt and payment of money.

It is proposed to intercept some of the springs that rise at Caesar's Camp, and lead the water to the Barracks, as has already been done for the Camp.

Devonport	Shell Magazine, Bull Point	Making and Repairing Roads	-	-	-	-	2,000	-- This sum is required to pay for some portions of the land originally purchased at Aldershot, a conveyance of which could not be completed at the time, owing to some defect of title.
		Purchase of Land	-	-	-	-	4,000	
Dover		-	5,500	-	Nil	5,500	5,500	-- This Barrack provides for two Battalions. The cost has been increased owing to the necessity of providing separate quarters for the married men. -- In the Estimate of 1856-57, a sum of £60,000 was voted for the erection of a Barrack for 1,000 men at Dover, but, owing to there being no available site, no portion of that sum was expended. The same vote was repeated in the Estimates for 1856-57; and as no sufficient site could still be found, it was determined to extend the existing accommodation at the Western Heights Barracks, so as to provide for a complete Regiment; and to build Officers' Quarters for 44 Officers in Dover Castle, where such accommodation was urgently required. -- See note on preceding item. The cost of these Barracks has been somewhat increased, owing to the necessity of adopting the mediæval style of architecture, to harmonise with the neighbouring parts of the Castle. -- This Vote simply re-provides for the expenditure of the unexpended balance remaining from the £7,380 voted for this service in last year's Estimates.
		New Barracks at Devonport	100,000	76,639	41,500	20,000

Dublin		Erecting Quarters for 44 Officers at Dover Castle	40,600	6,600	34,000	15,000		-- A sum of £7,960 was voted for this service in last year's Estimates, of which only £5,000 could be expended within the year. Owing to some necessary modifications in the plans, the cost is increased to £10,250, of which it is proposed to expend the remaining £5,250 this next year.

Sir,

Admiralty, 15 February 1856.

I AM commanded by my Lords Commissioners of the Admiralty to request that you will state to the Lords of Her Majesty's Treasury, that the subject of dredging and deepening the Harbours at Malta has been brought under the consideration of this Board, both by reports of the Admiral-Superintendent of Her Majesty's dockyard there, and by the representations of the Governor of the island, forwarded through the Secretary of State for Colonial Affairs, who concurs in the necessity of some measures being taken in the matter.

It appears that these harbours are gradually diminishing in depth and in extent from the deposit of mud, and that Mr. Nicol, a contractor, has made a favourable offer to undertake its removal, provided it be done on a large scale; the annual expense is estimated at from 4,000 *l.* to 6,000 *l.*

My Lords, impressed with the great importance of preserving these Harbours in an efficient state for the use of the Royal Navy and the mercantile marine, would propose that one-half of the expense of dredging should be borne by the Naval Department, and that a sum of from 2,000 *l.* to 3,000 *l.* be taken in any future Estimate accordingly, upon the understanding that the Government of Malta will devote a similar sum to the work.

In laying this communication before the Treasury Board, I have to request that you will move them to favour my Lords with their sanction to this expenditure at their earliest convenience.

I am, Sir,

Your most obedient servant,

(signed) *Thomas Phinn.*

Sir,

Treasury Chambers, 30 March 1856.

WITH reference to your letter of the 15th ultimo, relating to the necessity for dredging and deepening the Harbours of Malta, I am commanded by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of the Lords of the Admiralty, that my Lords are pleased to sanction an estimate being proposed to Parliament for 2,500 *l.*, for dredging and deepening the Harbours of Malta, on the understanding that the island shall furnish at least an equal sum for this service.

I am, Sir,

Your obedient servant,

(signed) *James Wilson.*

Secretary of the Admiralty.

EXTRACT from MINUTE of the Lords Commissioners of the Admiralty, dated the
2d April 1856.

"DIRECTOR of Works reports, that without submitting a fresh estimate, he can probably defray this expense from the aggregate vote.

"Inform Colonial Office that my Lords are prepared to expend the sum of 2,500 *l.* in the current financial year, on the proposed dredging the Harbours at Malta, it being distinctly understood that the Government of that island is to contribute at least an equal sum to the works."

Sir,

Admiralty, 5 September 1856.

I AM commanded by the Lords Commissioners of the Admiralty to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that my Lords have found that many of the Gun Boats, which were built with great rapidity for the pressing service of the late war, have been built of green wood, and are likely to be exposed to great damage by premature decay, unless they can be taken out of the water, and their timbers exposed to a thorough draught of air.

My Lords were in hopes that some temporary means of providing for this object might have been discovered at a moderate expense, postponing till next year any measures for providing any permanent place where they could be drawn up and kept on dry land.

My Lords have, however, come to the conclusion, after very careful consideration of the subject, that it will not only be easier, but much more economical in the end, to commence what will be a place for ultimately keeping such Gun Boats as may not be required afloat; and as there is a piece of ground at Gosport, belonging to the Naval Department, exceedingly well adapted for this purpose, my Lords request that you will move the Lords Commissioners of Her Majesty's Treasury to sanction the works being undertaken, which are necessary for this object, although no provision is made for them in this year's Estimates.

The probable sum to be expended may amount to 30,000 *l.*, as the most expensive part of the work is laying the railways for drawing up and moving the Gun Boats to their places, and constructing an adequate boundary wall and roof to secure the vessels when drawn up from the danger of fire.

My Lords have found unexpected difficulty in the purchase of land at Chatham, for which a Vote was taken in No. 11, this year, and the sum for which, probably, cannot be expended within the year; so that there will be nearly as much money not expended of that Vote as will cover the proposed expenditure, and certainly such will be the case on other Votes.

My Lords desire me to state that the expense could not be ascertained in time to take a Vote, and it is of pressing necessity.

I am, Sir,

Your most obedient servant,

James Wilson, Esq., M.P.,
&c. &c. &c.,
Treasury.

Sir,

I AM commanded to acquaint you, for the information of the Lords of the Admiralty, that in consideration of the very pressing circumstances stated in your letter of the 5th instant, the Lords Commissioners of Her Majesty's Treasury are pleased to sanction the proposed expenditure of (30,000 *l.*) thirty thousand pounds, in providing shelter for Gun Boats at Gosport.

I am, Sir,

Your obedient servant,

The Secretary of the Admiralty.

Sir,

Admiralty, 12 November 1856.

I AM commanded by my Lords Commissioners of the Admiralty to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that it has become necessary to effect certain alterations to No. 5 Slip, in Her Majesty's Dockyard at Deptford, at an estimated cost of 2,054*l.* 9*s.*

As no provision has been made in the current year's Estimates for this work, I am to request that you will move their Lordships to sanction the expenditure in question, which will be charged to the Aggregate Vote, No. 11.

I am, Sir,

Your most obedient servant,

James Wilson, Esq.,

Sir,

Treasury Chambers, 17 November 1856.

WITH reference to your letter of the 12th instant, requesting the sanction of the Board to an expenditure of 2,054*l.* 9*s.*, for effecting certain alterations in No. 5 Slip, in Her Majesty's Dockyard at Deptford, I am commanded by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of the Lords Commissioners of the Admiralty, that my Lords are pleased to sanction this expenditure, provided the work could not be deferred until the next Session of Parliament without serious public inconvenience.

I am, Sir,

Your most obedient servant,

The Secretary of the Admiralty.

Sir,

Admiralty, 11 October 1856.

HER MAJESTY having graciously signified Her intention of granting a Medal to the Officers and Men of the Royal Navy and Royal Marines employed in the Baltic Campaigns during the late War, and directions having been given accordingly to the Master of the Mint to prepare the Medals, I am commanded by the Lords Commissioners of the Admiralty to request that you will acquaint the Lords Commissioners of Her Majesty's Treasury, that the Secretary of State for the War Department has informed my Lords that the Master of the Mint has applied for an immediate advance of 10,000 *l.* to meet the expense.

The estimated cost of the Medals is 13,412 *l.* 5*s.*, of which sum the amount of 10,000 *l.* is at once required.

My Lords, in the Estimates submitted to Parliament, have not taken any Vote for this purpose, Her Majesty's most gracious intention not having been signified at the time they were prepared.

As it is estimated that there will be a large saving on the aggregate Naval Votes, my Lords request the sanction of the Lords Commissioners of Her Majesty's Treasury to the appropriation of the sum of 10,000 *l.* for the purpose above specified out of such estimated surplus.

I am, Sir,

Your most obedient servant,

James Wilson, Esq., M. P.,

Sir,

Treasury Chambers, 13 October 1856.

IN reply to your letter of the 11th instant, requesting the sanction of this Board to the appropriation of ten thousand pounds (10,000*l.*), which sum the Master of the Mint has applied for as an immediate advance towards defraying the expense of the Baltic Medals, from the estimated surplus on the aggregate Naval Vote, I am directed by the Lords Commissioners of Her Majesty's Treasury to request that you will state to the Lords Commissioners of the Admiralty, that this Board authorises the sum required for this service to be charged to the Vote for Miscellaneous Services for the current year, and to be defrayed out of any available surplus on that Vote, or, in the absence of any such surplus, from the surplus upon some other Vote.

I am, Sir,

Your obedient Servant,

The Secretary of the Admiralty.

Sir,

Admiralty, 17 October 1856.

I AM commanded by the Lords Commissioners of the Admiralty to acquaint you, for the information of the Lords Commissioners of Her Majesty's Treasury, that the Commissioners of Customs have informed my Lords that the Apartments at present occupied by the Comptroller-general of Coast Guard and his Establishment at the Custom-house are required for the purposes of that Department, and my Lords have made arrangements for delivering up possession of them accordingly to the Commissioners of Customs at Christmas next.

My Lords deem it desirable that the Comptroller-general of the Coast Guard and his staff should be brought to the immediate vicinity of Whitehall, and, with this view, propose to purchase the unexpired term of the lease of the house, No. 18, Spring Gardens, recently tenanted by the Duke of Somerset.

The lease has 14 years to run, subject to a ground-rent to the Crown of 105*l.* per annum, and is offered to my Lords at a sum of 2,000*l.*, which is deemed moderate by the usual advisers of this department.

The valuation of the fixtures will probably not exceed 200*l.*; my Lords therefore request the sanction of the Lords of the Treasury for this purchase.

I am, Sir,

Your obedient servant,

James Wilson, Esq, M.P.,
&c. &c. &c.,
Treasury.

IN reply to your letter of the 17th instant, requesting that this Board would sanction the purchase of the lease of the house, No. 18, Spring Gardens, recently tenanted by the Duke of Somerset, for the term of 14 years, which it has yet to run, in order to provide accommodation for the Comptroller-general of the Coast Guard and his staff, I am commanded by the Lords Commissioners of Her Majesty's Treasury to acquaint you, for the information of the Lords Commissioners of the Admiralty, that this Board is pleased to authorise the expenditure of the sum required for that purpose, on the terms stated.
